11. Checks and enquiries consent

- ☐ I consent to the Committee making lawful, relevant and proportionate enquiries with referees, nominated clubs, shooting associations, the Firearms Registry and other persons or bodies identified in this application.
- ☐ I understand that this consent does not authorise unrestricted access to police, health or other protected records, and that separate provider consent or legal authority may be required.
- ☐ I will pay the reasonable cost of an additional check only where it is lawfully requested and I separately agree in writing before it is obtained.

12. Applicant responsibilities and firearms-law acknowledgement

Personal responsibility: Firearms licensing is a personal legal responsibility. The applicant/member must keep informed of, understand and comply with the Firearms Act 1996 (NSW), Firearms Regulation 2017 (NSW), Firearms Registry directions and current licence, permit, safe-storage, participation, notification and genuine-reason requirements applicable to them.

- ☐ I understand that Club membership is not a firearms licence or permit and does not itself authorise possession, acquisition, storage, transport or use of a firearm.
- ☐ I will not possess or use a firearm unless authorised by a current licence, permit, exemption or other lawful authority and will comply with supervision and approved-range conditions.
- ☐ I will promptly notify the Club and the Firearms Registry of relevant changes within the time required by law, including changes to contact details, licence or permit status, suspension, cancellation, prohibition, orders, categories and genuine reasons.
- ☐ I will meet all mandatory participation and attendance requirements, maintain evidence of participation, and accurately advise the Club of information required for reporting.
- ☐ I will maintain lawful safe storage and transport arrangements and will not disclose security information to an unauthorised person.
- ☐ I will immediately comply with lawful Range Officer and cease-fire directions and report loss, theft, unsafe conduct or a serious safety concern through the required channel.
- ☐ I understand that the Club may verify my licence or permit status and must make disclosures or notifications required by firearms legislation, approval conditions, Police or another competent authority.
- ☐ I will obtain my own current information from NSW Police, the Firearms Registry, legislation or independent professional advice. I will not rely on informal statements by members as legal advice.
- ☐ I acknowledge that the Club is not responsible for continuously educating or individually reminding me about legislative or Registry requirements. This does not remove any mandatory training, supervision, recordkeeping or notification duty imposed on the Club by law.
- ☐ I will comply with the Constitution, Code of Conduct, confidentiality, anti-bullying, conflict-of-interest and range rules as applicable.

13. Membership-stage acknowledgement

- ☐ I understand that the Club applies a 36-month probation and suitability-assessment program. The formal Probationary Member class under clause 3(4) of the supplied 2024 Constitution lasts no more than three months and requires firearms and safety training; the Committee must record the membership class applying thereafter. Any statutory Probationary Pistol Licence requirements operate separately.
- ☐ I understand that the Committee determines the applicable constitutional membership class. A Conditional Member has the rights, fees and levies of an Ordinary Member but may not hold a position of any kind within the Club.
- ☐ I understand that the Club's 36-month probation and suitability-assessment program is separate from the constitutional Probationary Member class (no more than three months) and from statutory Probationary Pistol Licence, training, competition and eligibility requirements.
- ☐ I understand that application, interview, payment, references, any additional check or previous membership does not guarantee acceptance or renewal. The Committee must decide membership under the Constitution and law.

14. Privacy and records notice

The Club collects this information to assess and administer membership, verify identity and firearms authority, manage safety and participation, meet legal and approval obligations and communicate with relevant bodies. Information may be disclosed where reasonably necessary to NSW Police or the Firearms Registry, shooting associations, insurers, advisers, referees, nominated clubs or authorities, or as required by law. Sensitive information and identity documents will be access-restricted and retained or securely destroyed under Club records controls. The applicant may request access or correction subject to lawful restrictions.

LEGAL DECLARATION

Read carefully before signing. Do not sign an incomplete application.

15. Applicant declaration and undertaking

1. I declare that the information and documents supplied with this application are true, complete and not misleading. I have not omitted information that I know is materially relevant to lawful membership assessment.
2. I authorise the verification and enquiries described in this form and consent to the lawful collection, use, secure storage and disclosure of my information for the stated purposes.
3. I undertake to notify the Secretary promptly if any material answer changes before the application is determined or during membership.
4. I understand that false, altered, dishonestly obtained or materially incomplete information may result in refusal, suspension, cancellation or disciplinary action and may be reported where required by law.
5. I acknowledge the Club's membership status conditions, character-reference and any lawfully requested additional- check requirements, my personal firearms-law responsibilities and the policies identified in this application.
6. I agree to be bound by the registered Constitution and lawful Club Rules if admitted. I understand that no Committee member or other person can waive legislation, approval conditions or the Constitution by an informal assurance.
7. I understand that this declaration does not exclude any right or obligation that cannot lawfully be excluded and does not authorise the Club to obtain information without consent or legal authority.
